2012 JUPAS (HKDSE) Admissions Scores of Participating-institutions

The information contained here is extracted from the websites of the respective JUPAS participating-institutions.

You are advised to consult the websites of the respective participating-institutions for further and additional information.

As not all programmes select students on the basis of HKDSE levels / grades alone and the actual grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

City University of Hong Kong
2012 JUPAS (HKDSE) Admissions Scores

For applicants who have fulfilled the minimum entrance requirements, admissions scores are calculated for use in admission selection.

The information contained here is based on the admissions scores (with weighting applied where appropriate) of offered applicants in the 2012 JUPAS main round admission exercise. Sample cases of students having the same median and lower quartile scores are presented for reference. Students who were admitted through special admission routes (principal's nominations, sports talents and disabled applicants) are not included in the calculation.

Students are reminded that because of the different weightings adopted, the admissions scores are not comparable across colleges/schools. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

Hong Kong Baptist University
2012 JUPAS (HKDSE) Admissions Scores

The information contained here is based on the subject results achieved by the applicants at the

a. study programme's mean of summation scores of 4 HKDSE core subjects plus 1 best elective subject (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and

b. median position (in the middle); and

c. lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

The Hong Kong Institute of Education
2012 JUPAS (HKDSE) Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other non-education discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Liberal Studies, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area. For example, applicants for Mathematics major should possess Level 3 or above in HKDSE Mathematics (Compulsory Part) and Level 2 or above in Module 1 or Module 2 of Mathematics (Extended Part). Likewise, some subjects (e.g. Early Childhood Education, Music and Physical Education) may give priority of admission to applicants with 'excellent' performance in admission interviews/tests, given that they meet the university minimum entry requirements.

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the Institute's BEd Programmes Nomination Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores

Bachelor's Degree Programmes
The HKDSE admission scores for degree programmes are the sum total of the level/grade values of the best four core subjects (i.e. Chinese Language, English Language, Mathematics, and Liberal Studies) plus one elective subject.

Higher Diploma Programme
The HKDSE admission score for higher diploma programme is the sum total of the level/grade values of the best five subjects, including Chinese Language and English Language. A maximum of two Applied Learning (ApL) subjects will be counted.

Subject levels/grades are converted into numeric values according to the following scoring system:

New Senior Secondary (NSS) Subjects						
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Applied Learning (ApL) Subjects	
Result	Attained with distinction	Attained
Score	3	0

Other Language Subjects					
Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

2.   The HKDSE "level/grade to score" scale is as follows:

Category A: Core and Elective Subjects							
Level	5**	5*	5	4	3	2	1	Unclassified/ Others
Score	7	6	5	4	3	2	1	0

Category C: Other Language Subjects						
Grade	A	B	C	D	E	Ungraded/ Others
Score	7	5.5	4	2.5	1	0

3.   The HKDSE scores listed here are *for reference only*, and should not be used to predict the chance of admission to any programme in future years, for at least two reasons:

   (a)   admission is not necessarily based on examination results alone; and
   (b)   the examination results of applicants admitted to each programme vary from year to year.
