JUPAS takes no responsibility for the unauthorised use of any of its information. Members of the public are advised to refer to the information contained in the JUPAS, JUPAS participating-institutions' and SSSDP institutions' websites as the official source of programme information.

The information contained here is provided by the respective JUPAS participating-institutions or SSSDP institutions.

You are advised to consult the websites of the respective JUPAS participating-institutions or SSSDP institutions for further and additional information.

Should there be any discrepancy between the programme information listed in the JUPAS website and that listed in the institutions' websites, the information listed in the individual institutions' website is final.

JUPAS Catalogue No.	JS3011
Programme Full Name	BSc (Hons) Scheme in Biotechnology and Chemical Technology 生物科技及化學科技(榮譽)理學士組合課程
Programme Short Name	BIOTECH & CHEM TECH
Short Description	The following programmes are offered under the above scheme:

- BSc (Hons) in Applied Biology with Biotechnology
- BSc (Hons) in Chemical Technology

This Scheme-based admission serves as an undeclared track offering flexible major selection. The 1-year common curriculum gives students an opportunity to identify their area(s) of interest and career aspirations. The subjects in this common curriculum provide science foundation for the two major programmes which prepare students for the proceeding years of study.

The two BSc Major programmes offered under this Scheme share some common subjects. Students are required to follow 11 General University Requirements (GUR) and common Discipline Specific Requirements (DSR) Core subjects in the first two semesters as a minimum. They are expected to have chosen a specific Major from the Scheme's programmes in Semester 2 of Year One. Students follow the curriculum of their selected Major programme from Year Two onwards. After successfully completing the four-year programme, students are awarded a degree in their selected Major programme.

Remarks

- Students will gain one of the following awards upon successful completion of the programme:
 - BSc (Hons) in Applied Biology with Biotechnology
 - BSc (Hons) in Chemical Technology
- Students are subject to further selection criteria for the admission to a major, i.e. their own preference, GPA and interview performance, during Semester 2 of Year One.
- The option of a Secondary Major in Innovation and Entrepreneurship is available to students taking the BSc (Hons) in Applied Biology with Biotechnology. Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.

Entry Scholarship

- In recognition of high academic attainment, the Department will grant entry scholarships to eligible students with outstanding HKDSE scores admitted to the Scheme via JUPAS. The award criteria for the scholarship are listed in the [information sheet](#). The criteria are subject to change and awardees will be announced on the same website in due course.

Programme Website

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- English Language
- Mathematics
- Biology
- Chemistry
- Physics
- Combined Science: Biology + Chemistry
- Combined Science: Biology + Physics
- Combined Science: Physics + Chemistry

Relevant Applied Learning subjects that can be considered for meeting the University entrance requirement and admission score calculation are:

- Environmental Engineering
- Exercise Science and Health Fitness
- Fundamental Health Care
- Health Care Practice

- Medical Laboratory Science

JUPAS Catalogue No.	JS3020
Programme Full Name	BSc (Hons) Scheme in Data Science (Data Science and Analytics / Investment Science and Finance Analytics) 數據科學(榮譽)理學士組合課程 (數據科學及分析 / 投資科學及金融分析)
Programme Short Name	DATA SCI
Short Description	<p>This 4-year full-time Scheme is designed to nurture data science professions with solid training in mathematical and statistical skills and computer programming techniques, and a special emphasis on interdisciplinary applications in various areas. It is composed of 2 undergraduate programmes of majors:</p> <p><u>Bachelor of Science (Honours) in Data Science and Analytics (DSA)</u> The DSA programme provides students with solid foundation knowledge in data science and hands-on data analytical and programming skills, which will enable students to pursue careers in a broad range of industries, such as information technology, healthcare, business retail, urban planning, government and public utilities.</p> <p><u>Bachelor of Science (Honours) in Investment Science and Finance Analytics (ISFA)</u> The ISFA programme is concerned with the strategic use of data and mathematical modelling in performing financial analysis and making investment decisions. It aims to cultivate investment and finance professionals with strong quantitative analysis, critical thinking and communication skills, for pursuing careers in different finance sectors such as investment banking, fund/ risk management and financial product development/ pricing.</p>

Remarks

- Students will gain one of the following awards upon successful completion of the programme:
 - BSc (Hons) in Data Science and Analytics
 - BSc (Hons) in Investment Science and Finance Analytics
- Students may enrol on any awards without being subject to further assessment.
- The options of a Secondary Major in AI and Data Analytics (AIDA), and Innovation and Entrepreneurship (IE) are available to the students as per the following routes:
 - BSc (Hons) in Data Science and Analytics: IE
 - BSc (Hons) in Investment Science and Finance Analytics: AIDA
- Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.
- For more Scheme information, please visit https://www.polyu.edu.hk/ama/study/ug/ds_scheme/.

Programme Full Name	BA (Hons) Scheme in Fashion (Fashion Design / Knitwear Design / Contour Fashion and Activewear / Fashion Business / Fashion Innovation and Technology) 時裝(榮譽)文學士組合課程 (時裝設計 / 針織時裝設計 / 內衣及運動服裝 / 時裝商務 / 時裝創新及科技)
Programme Short Name	FASHION
Short Description	The overall aim of the programme is to train competent professionals for the fashion business, equipping them to work in textiles, apparel, retailing, design, and related organisations. Graduates play an active role in the development of the global fashion and textiles industry in local and overseas markets. In addition to cultivating students' professional competencies, the programme enhances their other essential competencies, such as entrepreneurship, social media marketing, and business analytics. This expands graduates' skillsets to meet the needs of today's business environment. They excel in leadership, teamwork, healthy lifestyle practices and lifelong learning; they become trend leaders, innovators, critical thinkers, and creative problem solvers; and they deploy effective communication and interpersonal skills. They are biliterate and trilingual, and they serve as informed and ethical leaders who promote social and national responsibility, engage in local and international affairs, act as responsible global citizens, and exhibit cultural and aesthetic appreciation with a global perspective.

Remarks

- Students will be awarded one of the following degrees upon successful completion of the programme's graduation requirements.
 - BA (Hons) in Fashion (Fashion Design)
 - BA (Hons) in Fashion (Knitwear Design)
 - BA (Hons) in Fashion (Contour Fashion and Activewear)
 - BA (Hons) in Fashion (Fashion Business)
 - BA (Hons) in Fashion (Fashion Innovation and Technology)
- Students select a specialism at the end of their Year One. Admission to a specialism is subject to assessment criteria including students' preferences, GPA, and interview performance.
- Students opting not to be streamed into any specialism will obtain a BA (Hons) in Fashion.
- Students may also enrol in a Secondary Major in AI and Data Analytics (AIDA) or in Innovation and Entrepreneurship (IE). Admission to the Secondary Major is on a competitive basis and these programmes have different credit requirements for graduation. Please see the Secondary Major Details section for more information.
- Students opting for a Secondary Major will not be streamed into a specialism.

Entry Scholarship and Additional Scholarships

- To recognise the outstanding academic performance of HKDSE students, the School will grant entry scholarships to eligible HKDSE students admitted to the scheme via JUPAS. Apart from the entry scholarships, additional scholarships may include. Please refer to the [information sheet](#) for details.

Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Biology
- Chemistry
- Business, Accounting and Financial Studies
- Business, Accounting and Financial Studies (Accounting)
- Business, Accounting and Financial Studies (Business Management)
- Chinese History
- Combined Science: Biology + Chemistry
- Combined Science: Biology + Physics

- Combined Science: Physics + Chemistry
- Economics
- Geography
- Visual Arts

Relevant Applied Learning subjects that can be considered for meeting the University entrance requirement and admission score calculation are:

- Accounting for E-Business
- Accounting in Practice
- Applied Business Research
- Applied Psychology
- Computer Game and Animation Design
- Creative Advertising
- Data Application for Business / Business Data Analysis
- Digital Comic Design and Production
- Display and Jewellery Design
- Entrepreneurship for SME
- Environmental Engineering
- Exercise and Fitness Coaching / Sports and Fitness Coaching
- Exercise Science and Health Fitness
- Exploring Psychology
- Fashion Image Design / Fashion and Image Design
- Film and Transmedia
- Film and Video / Film and Video Studies
- Fundamental Cosmetology
- Fundamental Health Care
- Health and Beauty Keeping in TCM
- Health Care Practice
- Image Design
- Innovative Product Design
- Interior Design
- Internet of Everything Application
- Jewellery and Accessories Design
- Jewellery Arts and Design
- Magazine Editing and Production
- Marketing and Online Promotion
- Marketing in Global Trade
- Medical Laboratory Science
- Mobile and Online Apps Development
- Multimedia Entertainment Studies
- New Media Communication Strategies
- PR and Multimedia Communication
- Practical Accounting for SMEs
- Practical Psychology
- Public Relations and Advertising
- Public Relations and Communication
- Purchasing and Merchandising
- Retail Management
- Sports Coaching and Management
- Tech Basics
- The Essentials of Dramatic Arts / The Essentials of Theatre Arts
- Understanding Financial Services

Programme Full Name	BBA (Hons) Scheme in Accounting and Finance (Accountancy / Accounting and Finance / Digital Finance and Investment) 會計及金融(榮譽)工商管理學士組合課程 (會計學 / 會計及金融 / 數碼金融及投資學)
Programme Short Name	ACCT & FINANCE
Short Description	The BBA (Hons) Scheme in Accounting and Finance comprises the following awards. It gives students the flexibility to decide on a final award in their first year of study.

BBA (Hons) in Accountancy

This programme provides students with a well-rounded business education and an opportunity to specialise in accounting. Students are provided with an integrated academic foundation for careers as accountants with the required competencies, independence of mind, objectivity and ethical awareness.

BBA (Hons) in Accounting and Finance

The aim of this programme is to exploit the synergy between accounting and finance and prepare students to become competent accountants with a sound knowledge of finance. The programme provides a well-rounded business education and an opportunity to specialise in accounting and finance. Students develop strong skills in accounting and finance, including accounting and financial analysis, control and risk management, and corporate governance and ethics.

BBA (Hons) in Digital Finance and Investment

This programme aims to provide students with a well-rounded business education and an opportunity to specialise in digital finance and investment management. The highly practical programme emphasises the application of professional finance and investment knowledge, together with hands-on experience of innovative financial technologies, to address the challenges faced by modern finance and investment professionals.

Remarks

- Students will gain one of the following awards upon successful completion of the programme:
 - BBA (Hons) in Accountancy
 - BBA (Hons) in Accounting and Finance
 - BBA (Hons) in Digital Finance and Investment
- Students are subject to further assessment criteria in the selection of the award, such as GPA, at the end of Year One.
- The option of a Secondary Major in AI and Data Analytics (AIDA) is available to students taking the BBA (Hons) Scheme in Accounting and Finance. Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Programme Full Name	BBA (Hons) Scheme in Aviation, Maritime and Supply Chain Management (Aviation Management and Finance / International Shipping and Transport Logistics / Supply Chain Management and Analytics) 航空、航運及供應鏈管理(榮譽)工商管理學士組合課程 (航空管理及金融 / 國際航運及物流管理 / 供應鏈管理及分析)
Programme Short Name	AVIAT, MARITIME & SC MGT
Short Description	The BBA (Hons) Scheme in Aviation, Maritime and Supply Chain Management comprises the following awards. Students will be awarded one of the following awards upon successful completion of the graduation requirements of the discipline concerned:

BBA (Hons) in Aviation Management and Finance

This programme equips students with a well-rounded business education with specialisation in aviation management and finance, an in-depth understanding of how airports, airlines, aircraft leasing companies, government agencies, regulators, and other groups of professionals, such as financial services firms and consultants, contribute to the functioning of aviation markets; and the necessary background required to become an integral part of the aviation industry.

BBA (Hons) in International Shipping and Transport Logistics

This programme provides a well-rounded business education, along with the opportunity to specialise in international shipping and logistics management. It enables students to acquire wide knowledge of maritime transport and logistics within a general broad framework of international transport and trade.

The programme fosters strong management skills in areas including communication and presentation, leadership and teamwork, problem solving and the effective use of information technology. Graduates are equipped with the skills necessary to understand and manage maritime organisations and personnel.

BBA (Hons) in Supply Chain Management and Analytics

Supply chain management focuses on how firms optimise resources in a logistics network that delivers value to end customers. As Hong Kong is a logistics and trading centre of global importance, supply chain management is of particular relevance to many businesses and industries. With the advancement of technological innovation and business analytics, the integration of management knowledge and analytical skills becomes essential for supply chain managers to make effective decisions.

This programme provides students with a well-rounded business education that specialises in supply chain management and analytics. The curriculum aims to develop students' skills and knowledge in business and supply chain analytics, information technology and innovation, operations and cross-functional management, international business, and transport logistics to meet the current and future needs of logistics and supply chain related industries.

Dual Degree with the Copenhagen Business School, Denmark

BBA (Hons) in Global Business and Logistics [PolyU]
BSc in International Business (Logistics and Supply Chain Management) [CBS]

The Copenhagen Business School (CBS) was established in 1917 by the Danish Society for the Advancement of Business Education and Research. Today, with 20,000 students and 1,500 employees, CBS is one of the largest business schools in Europe and one of the 8 Danish universities. It offers a wide range of

undergraduate and graduate programmes within business, typically with an interdisciplinary and international focus. CBS is accredited by EQUIS (European Quality Improvement System), AMBA (Association of MBAs), as well as AACSB (Association to Advance Collegiate Schools of Business), thus making it one of the few schools worldwide to hold the triple-crown accreditation.

Students admitted to the programme will spend the first two years at PolyU, then final two years at CBS. Upon completion of the programme, students will be awarded two degrees in business, BBA (Hons) in Global Business and Logistics from PolyU, and BSc in International Business (Logistics and Supply Chain Management) from CBS.

Remarks

- All students must complete a short work placement, either in the summer or during semester time. The Department provides assistance in finding suitable placements.
- Students will be awarded one of the following awards upon successful completion of the graduation requirements of the programme concerned:
 - BBA (Hons) in Aviation Management and Finance
 - BBA (Hons) in International Shipping and Transport Logistics
 - BBA (Hons) in Supply Chain Management and Analytics
 - BBA (Hons) in Global Business and Logistics (BBA-GBL)*
*Dual Degree with the Copenhagen Business School, Denmark
- Students are subject to further assessment criteria, i.e. student's own choice, GPA and interview performance in selection of awards at the end of their Year One study.

* For JUPAS & non-JUPAS admissions

JUPAS Catalogue No.	JS3100
Programme Full Name	BSc (Hons) Scheme in Building and Real Estate (Building Engineering and Management / Property Management / Surveying) 建築及房地產(榮譽)理學士組合課程 (建築工程及管理學 / 物業管理學 / 地產及建設測量學)
Programme Short Name	BLDG & REAL ESTATE

Short Description The BRE Scheme aims to provide a vigorous platform to develop students' knowledge, skills and abilities in the fields of building and real estate through real-world practices and advanced technologies. Apart from possessing intellectual, and vocational skills in building and real estate, graduates also demonstrate confidence in their professional fields and competence on independent thinking and communication.

Remarks The Scheme comprises three awards / major programmes with 101 overall admission quota. Tentative quota distribution to respective awards / major programmes:

<u>Programme / Award in BRE Scheme</u>	<u>Quota allocated</u>
BSc (Hons) in Building Engineering and Management	25
BSc (Hons) in Property Management	24
BSc (Hons) in Surveying	52

For JUPAS applicants, approximately 40% of the total admission quota are allocated with unconditional choice to preferred awards / major programmes within the Scheme after the first year of study for JUPAS admittees with high-ranking aggregated admission scores (weighted) and interview scores. Receivers of unconditional choice to preferred awards / major programmes will be informed through the Notice of Offer at the announcement of JUPAS Main Round offer results.

The remaining approximately 60% of JUPAS admittees will be required to indicate their priorities on preferred awards / major programmes within the Scheme near the end of their first year of study. The allocation of awards / major programmes to join in the second year of study will be determined by the ranking of their academic performance in terms of overall GPA scores achieved after the first year of study.

The option of Secondary Major in "Artificial Intelligence and Data Analytics" (AIDA) is available to the students of BSc (Hons) Building Engineering and Management, and the option of Secondary Major in "Innovation and Entrepreneurship" (IE) is available to the students of BSc (Hons) in Property Management.

ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Programme Full Name	BEng (Hons) Scheme in Building Sciences and Engineering 建築科學及工程學(榮譽)工學士組合課程
Programme Short Name	BLDG SCI & ENGG
Short Description	<p>We equip graduates with the technical and academic competence to excel in building sciences and engineering/building services engineering.</p> <p>This programme meets the demand for locally trained building/building services engineers with expertise in consultancy, contracting, building management and research and development.</p> <p>Our graduates have a broad range of personal skills, such as communicating effectively, thinking critically, learning independently and solving new problems innovatively.</p>

Remarks

- Students will be awarded the following degree upon completion of the graduation requirements:
 - BEng (Hons) in Building Sciences and Engineering [建築科學及工程學(榮譽)工學士]
- The options of a Secondary Major in Innovation and Entrepreneurship or Artificial Intelligence and Data Analytics are available to students taking the BEng (Hons) in Building Sciences and Engineering. Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.

Entry Scholarship

- In recognition of high academic attainment, the Department will grant entry scholarships to eligible students with outstanding HKDSE scores who are admitted to the Scheme via JUPAS. The award criteria for the scholarship are listed in the [information sheet](#). The requirements are subject to change, and awardees will be announced on the same website in due course.

JUPAS Catalogue No.	JS3120
Programme Full Name	BEng (Hons) Scheme in Civil Engineering and Sustainable Development 土木工程及可持續發展學(榮譽)工學士組合課程
Programme Short Name	CIVIL ENGG & SUS DEVELOP
Short Description	<p>This BEng (Hons) Scheme in Civil Engineering and Sustainable Development provides well-structured top-notch interdisciplinary education evenly balanced between the state-of-the-art knowledge as well as the highly in-demand skills that underpin modern civil engineering practice.</p> <p>The Year 1 common curriculum offers a broad fundamental education integrates subjects across civil and environmental engineering disciplines, enabling students to make a genuinely informed choice about the major in which to specialise from their second year of study.</p> <p>Depending on the chosen major, namely civil engineering, structural and fire safety engineering, and environmental engineering, graduates are eligible to join Scheme A training of the Hong Kong Institution of Engineers in the Civil, Structural, Geotechnical, Fire, Environmental, and Logistics & Transportation Engineering disciplines.</p>

Remarks

- Four full-time **programmes** are offered under the Scheme:
 1. BEng (Hons) in Civil Engineering
 2. BEng (Hons) in Civil Engineering (Structural and Fire Safety Engineering)
 3. BEng (Hons) in Environmental Engineering and Sustainable Development
 4. BEng (Hons) in Civil Engineering (Smart Mobility) (Secondary Major: AI and Data Analytics)
- A common curriculum is provided for all first-year students.
- At the end of the second semester of Year 1, students can choose to study one of **programmes 1–3** as their major based on the student's choice and overall GPA in Year 1.
- Students who wish to study **programme 4** as their major are assessed for eligibility based on their grade point average (GPA) for Year 1.

Entry Scholarship

- To recognise those who achieved outstanding academic performance in the HKDSE, the Department will grant entry scholarships to eligible HKDSE students admitted to the programmes via JUPAS. The award criteria of the scholarship listed in this [information sheet](#) are subject to change and will be announced on the same website in due course.

Programme Full Name	BSc (Hons) Scheme in Spatial Data Science and Smart Cities (Land Surveying and Geo-Informatics / Urban Informatics and Smart Cities) 空間數據科學及智慧城市(榮譽)理學士組合課程 (土地測量及地理資訊學 / 城市信息學及智慧城市)
Programme Short Name	SPAT DATA & SMART CITIES
Short Description	This BSc (Hons) Scheme in Spatial Data Science and Smart Cities provides a unique and inter-disciplinary land surveying and geo-informatics (LSGI) education in Hong Kong that embraces the societal development need of today and the future. We nurture students to develop essential knowledge in our theme/scheme: spatial data science, sensing technologies, and their applications to smart cities. Subsequently, the theme/scheme extends to highly practical areas and job markets, such as survey and mapping, transportation and logistics, environmental and socio-economic surveying, and underground utility diagnostics. The BSc (Hons) in Land Surveying and Geo-Informatics programme is fully accredited by the Hong Kong Institute of Surveyors and other related local/international professional bodies, with forthcoming accreditation to be sought for the BSc (Hons) in Urban Informatics and Smart Cities programme, it allows our graduates to pursue professional careers. Over the years, about 40% of our students have gained various international learning and practical experiences, including exchange and internship. Our inter-disciplinary curriculum is the only one in Hong Kong, equipping graduates for tackling various challenges in society and future city development.

Remarks

- Two full-time programmes are offered under the Scheme:
 - BSc (Hons) in Land Surveying and Geo-Informatics 土地測量及地理資訊學(榮譽)理學士
 - BSc (Hons) in Urban Informatics and Smart Cities 城市信息學及智慧城市(榮譽)理學士
- The option of a Secondary Major in AI and Data Analytics (AIDA) is available to students of the BSc (Hons) in Land Surveying and Geo-Informatics. Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.

Programme Full Name	BEng (Hons) Scheme in Aviation Engineering (Aviation Engineering / Air Transport Engineering) 航空工程學(榮譽)工學士組合課程 (航空工程學 / 民航工程學)
Programme Short Name	AVIATION ENGG
Short Description	The scheme has the following characteristics:

- It aims to train students to become engineers in the aviation industry.
- Students will have the opportunity to opt for:
 - BEng (Hons) in Aviation Engineering, embarking on aircraft systems and design; or
 - BEng (Hons) in Air Transport Engineering, embarking on aviation operation and research.
- Some subjects are co-taught by PolyU academics and industry professionals to provide students with up-to-date knowledge in the aviation industry.
- Summer internships, technical visits and experience sharing will be arranged to enhance students' learning with experience in the aviation industry.

Remarks

- The Bachelor of Engineering (Honours) Scheme in Aviation Engineering includes the following two awards:
 - BEng (Hons) in Aviation Engineering
 - BEng (Hons) in Air Transport Engineering
- Students are allowed to enrol in any award programme without being subject to further assessment.

Deferred Choice between BEng (Hons) in Aviation Engineering and BEng (Hons) in Air Transport Engineering

Students who are admitted to the Scheme study together during the first two years and then pursue their preferred programmes, normally within the next two years, until graduation. This arrangement enables students to choose their study path once they have obtained a solid understanding of the programmes during the first two years.

Admission to BEng (Hons) in Aviation Engineering or BEng (Hons) in Air Transport Engineering

Students who wish to enrol in either the BEng (Hons) in Aviation Engineering or the BEng (Hons) in Air Transport Engineering programme should apply for admission to the BEng (Hons) Scheme in Aviation Engineering.

Programme Website

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

Programme Full Name	BSc (Hons) Scheme in Biomedical Engineering 生物醫學工程(榮譽)理學士組合課程
Programme Short Name	BIOMEDICAL ENGG
Short Description	<p>Biomedical engineering is recognised around the world as one of the fastest growing areas of innovation. It covers a wide spectrum of applications, such as devices used by health professionals in their diagnostic, therapeutic and rehabilitative practices; implants that are placed in patients for their health maintenance; prostheses, orthoses and assistive devices that are used by people with special needs to facilitate their daily activities; and healthcare products and exercise equipment for general health promotion.</p> <p>This developing global field requires professionals who understand both the health issues that motivate these technologies and the engineering solutions that they offer. It needs individuals with a solid foundation in both health sciences and engineering technologies.</p> <p>Our BSc(Hons) in Biomedical Engineering curriculum prepares students for such a challenging career. They have opportunities to take subjects in both life sciences and engineering, and to integrate these concepts into interdisciplinary applications to improve human health.</p>

Remarks

- Students will be awarded the following award upon successful completion of the graduation requirements:
 - BSc (Hons) in Biomedical Engineering
- The option of enrolment in one of the below-mentioned Secondary Majors is available to the students of BSc (Hons) in Biomedical Engineering. Admission to the Secondary Major is on competitive basis and subject to a different credit requirement for graduation.
 - Secondary Major in Artificial Intelligence and Data Analytics (AIDA)
 - Secondary Major in Innovation and Entrepreneurship (IE)

JUPAS Catalogue No.	JS3180
Programme Full Name	BEng (Hons)/BSc (Hons) Scheme in Information and Artificial Intelligence Engineering (Internet-of-Things / Artificial Intelligence / Information Security) 資訊及人工智能工程學(榮譽)工學士 / 理學士組合課程 (物聯網 / 人工智能 / 資訊安全)
Programme Short Name	INFO & AI ENGG
Short Description	We are living in a smart era in which many of our daily decision-making processes are based on the collection, processing, analysis, and interpretation of a large amount of data and information. The Scheme encompasses three programmes that are aimed at training professionals who are interested to work in the following three inter-related areas: (1) electronic systems and Internet of Things; (2) artificial intelligence and information engineering; and (3) information security. Depending on their own areas of interest, students admitted into the Scheme are allowed to choose to specialise in one of these three areas.

Remarks

- Students will be awarded one of the following upon successful completion of the graduation requirements of the programme concerned:
 - BEng (Hons) in Electronic Systems and Internet-of-Things 電子系統及物聯網(榮譽)工學士
 - BSc (Hons) in Artificial Intelligence and Information Engineering 人工智能及資訊工程學(榮譽)理學士
 - BSc (Hons) in Information Security 資訊安全(榮譽)理學士
- Students are allowed to enrol in any programme without being subject to further assessment.
- Students can take a number of extra electives to earn a Minor Award in areas such as applied mathematics, accountancy, business, finance and management, among others.
- The option of Secondary Major in Artificial Intelligence and Data Analytics (AIDA) is available to students in BEng (Hons) in Internet-of-Things (a variant of BEng (Hons) in Electronic Systems and Internet-of-Things). Admission to the Secondary Major is on a competitive basis and subject to a different credit requirement for graduation.

Entry Scholarship

- To give encouragement and recognition to HKDSE students with outstanding academic performance, and to support their studies at The Hong Kong Polytechnic University (PolyU), the Department of Electrical and Electronic Engineering (EEE) at PolyU launched the “EEE Academic Entrance Scholarship for Outstanding HKDSE Admittees” in the 2016-17 academic year. Details of the scholarship are given in the information sheet, which can be viewed [here](#).

JUPAS Catalogue No.	JS3240
Programme Full Name	BA (Hons) Scheme in English and Applied Linguistics 英文及應用語言學(榮譽)文學士組合課程
Programme Short Name	ENGL & APP LINGUISTICS
Short Description	The Bachelor of Arts (Honours) in English and Applied Linguistics (BAEAL) aims to equip graduates with the abilities and attributes necessary to become competent English language professionals and responsible global citizens in the 21 st century. The programme aims to produce graduates with (a) a high level of proficiency in English; (b) a good understanding of the theoretical disciplines underlying applied English language studies and integrated language use; and (c) a strong ability to apply their knowledge and general linguistic skills in a variety of professional communication contexts.

Remarks

- Students will be awarded the following degree upon completion of the graduation requirements:
 - BA (Hons) in English and Applied Linguistics
- Students studying towards this degree have the option of a Secondary Major in AI and Data Analytics. Admission to this Secondary Major is on a competitive basis and subject to different credit requirements for graduation.

Entry Scholarship

- The Faculty of Humanities will grant entry scholarships to HKDSE students with outstanding academic performance who are admitted to the programme via JUPAS. The award criteria for these scholarships can be found in the [information sheet](#).

Programme Website

<https://www.polyu.edu.hk/study/ug/jupas/2024/js3240>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the

general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially

considered for admission:-

- o with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
- o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS

11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Chinese Language
- English Language

Relevant Applied Learning subjects that can be considered for meeting the University entrance requirement and admission score calculation are:

- Accounting in Practice
- Applied Psychology
- Child Care and Education
- Creative Advertising
- Exploring Psychology
- Fashion Image Design / Fashion and Image Design
- Film and Video / Film and Video Studies
- Image Design
- Introduction to Theatre Arts
- Magazine Editing and Production
- Marketing in Global Trade
- Multimedia Entertainment Studies
- New Media Communication Strategies
- Practical Psychology
- Public Relations and Advertising
- Radio Host and Programme Production
- Western Cuisine

Programme Full Name	BA (Hons) Scheme in Applied Social Sciences (Social Work / Social Policy and Social Entrepreneurship)
Programme Short Name	應用社會科學(榮譽)文學士組合課程 (社會工作 / 社會政策及社會創業) APPLIED SOC SCI
Short Description	We prepare our students to be professionally competent, versatile, adaptive and reflective, enabling them to meet society's fast-changing needs. The programme curriculum is designed to cultivate students' humanistic values and equip them with the knowledge and skills necessary to be competent human service professionals in their chosen fields. Through wide exposure to various domains of knowledge and interdisciplinary issues, students develop the ability to think from different perspectives and solve complex problems in real-life situations. Our graduates are competent in the flexible and creative use of information, resources, knowledge and practical skills in professional practice.

Remarks

- Students are initially admitted to the BA (Hons) Scheme in Applied Social Sciences programme, with their target awards (one of the following awards) declared at the end of their first year of study:
 - BA (Hons) in Social Work
 - BA (Hons) in Social Policy and Social Entrepreneurship
- Students are subject to further assessment criteria - students' own choice, overall GPA and interview performance in the selection of awards at the end of their Year One study.
- The option of Secondary Major in Innovation and Entrepreneurship is available to the students of BA (Hons) in Social Policy and Social Entrepreneurship. Admission to the Secondary Majors is on a competitive basis and subject to a different credit requirement for graduation.

Programme Full Name	BSc (Hons) Scheme in Optometry 眼科視光學(榮譽)理學士組合課程
Programme Short Name	OPTOMETRY
Short Description	<p>The School of Optometry hosts two programmes under this Scheme.</p> <p>The Optometry programme prepares students to become primary eyecare practitioners with expert knowledge of the eye and the visual system. Students gain the knowledge and skills necessary to diagnose visual problems and offer treatment options, which may be in the form of optical lenses or visual training.</p> <p>The journey to becoming an eyecare practitioner begins with a strong foundation in the basic life sciences, followed by a thorough grounding in the optometric sciences. In the second half of the programme, students acquire the clinical skills necessary to effectively manage a wide variety of visual problems. The five semesters of supervised clinical training in our Optometry Clinic and our satellite clinics with real patients give students many opportunities to learn to care for patients and to consolidate their clinical skills and knowledge.</p> <p>Throughout the programme, students learn about ethical, professional, and legal issues in preparation for clinical practice.</p> <p>The Vision Science programme (with Secondary Major) aims to equip students with knowledge of the key principles of optometry and vision science, enabling them to work in the ophthalmic industry and health care settings. Students are trained to provide comprehensive and high-quality support for research activities to contribute to the development of vision science research both in Hong Kong and worldwide.</p> <p>The Vision Science programme has a very limited quota.</p>
Remarks	<ul style="list-style-type: none">● Students will receive one of the following awards upon successful completion of the graduation requirements:<ul style="list-style-type: none">○ BSc (Hons) in Optometry○ BSc (Hons) in Vision Science. This award is only available with one of the Secondary Majors.● Students may enrol in any awards without being subject to further assessment.● Students should also consider the remarks in the table below:

<p>Optometry</p> <ul style="list-style-type: none"> Students receive clinical training in PolyU's Optometry Clinic and Satellite Clinics. The majority of clients are Hong Kong Chinese. The students begin their clinical rotations in the fourth year of the programme and conduct their clinical practice in English, Cantonese or Putonghua. 	<p>Vision Science and Secondary Major</p> <ul style="list-style-type: none"> The option of a Secondary Major in AI and Data Analytics (AIDA) is available to BSc (Hons) students in Vision Science. Admission to the Secondary Major is competitive and subject to a different credit requirement for graduation.

JUPAS Catalogue No.	JS3310
Programme Full Name	BSc (Hons) Scheme in Hotel and Tourism Management (Hotel Management / Smart Tourism and Hospitality / Event and Experience Management) 酒店及旅遊管理(榮譽)理學士組合課程 (酒店管理 / 智慧旅遊及酒店產業 / 會展及體驗管理)
Programme Short Name	HOTEL & TOURISM MGT
Short Description	The BSc (Hons) Scheme in Hotel and Tourism Management educates students about the business of hotel, smart tourism, and event and experience management. Its customer-service focus enables graduates to excel in the hotel, tourism, event and experience and the broader service industries. This multidisciplinary programme prepares students for careers at the management level in the hotel, tourism, event and experience, and broader service industries, either locally or internationally. Students learn to be customer-focused, analytical and independent, and at the same time develop communication and leadership skills. They also gain a global perspective to meet the growing challenges that are faced by the dynamic hotel, tourism, event and experience, and broader service industries. Students choose one of the five options within the scheme: Hotel Management, Smart Tourism and Hospitality, Event and Experience Management, Hotel and Tourism Management with a Secondary Major in Artificial Intelligence and Data Analytics (AIDA), or Hotel and Tourism Management with a Secondary Major in Innovation and Entrepreneurship (IE).

Remarks

- Students will be awarded one of the following degrees upon successful completion of the graduation requirements of the programme.
 - BSc (Hons) in Hotel and Tourism Management (Hotel Management)
 - BSc (Hons) in Hotel and Tourism Management (Smart Tourism and Hospitality)
 - BSc (Hons) in Hotel and Tourism Management (Event and Experience Management)
 - BSc (Hons) in Hotel and Tourism Management with a Secondary Major in AIDA
 - BSc (Hons) in Hotel and Tourism Management with a Secondary Major in IE
- The decision to admit a student into a specific programme option will be made by the School based on the student's choice, overall GPA in Year 1 and/or interview results. The students will be asked to rank their choices during the second semester of their Year 1 study for the School's consideration and approval.
- Subject to the School's approval, students may be allowed to transfer between the three specialism options before they begin their work-integrated education credits if they, after the transfer, can still manage to complete all of the credits required for graduation within 4 years.
- These programmes are available to students enrolled in the BSc (Hons) Scheme in Hotel and Tourism Management. Admission into the secondary major is on a competitive basis and subject to different credit requirements for graduation.

JUPAS Catalogue No.	JS3320
Programme Full Name	BA (Hons) Scheme in Chinese History and Culture 中國歷史及文化(榮譽)文學士組合課程
Programme Short Name	CHI HISTORY & CULTURE
Short Description	<p>The programme, designed to blend the traditional with the modern, the conceptual with the application-oriented, equips students with knowledge in Chinese history and culture, which they can apply in their career, and other personal skills that they can use to make effective contributions to the government, economy and society of Hong Kong, China and the rest of the world.</p> <p>The general aim of the programme is to educate and train its students into individuals who are</p> <ul style="list-style-type: none"> ● strongly committed to self-cultivation and the welfare of the community; ● culturally enriched and effective in communication skills; ● respectful of the rule of law; ● socially responsible; and ● observant of business ethics and business common-sense.

Remarks Students will be awarded the following degree upon completion of the graduation requirements:

- BA (Hons) in Chinese History and Culture

Programme Website <https://www.polyu.edu.hk/study/ug/jupas/2024/js3320>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - o with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS

11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - o with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence

Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Chinese Language
- English Language
- Mathematics
- Mathematics (Extended part - Calculus and Statistics)
- Mathematics (Extended part - Algebra and Calculus)
- Biology
- Chemistry
- Combined Science: Biology + Chemistry

Normal colour vision is not one of the admission criteria, but applicants should note that normal colour vision may be required for employment in the medical laboratory profession.

* For JUPAS & non-JUPAS admissions

JUPAS Catalogue No.	JS3557
Programme Full Name	BEng (Hons) Scheme in Product and Industrial Engineering (Product Engineering with Marketing / Industrial and Systems Engineering) 產品及工業工程(榮譽)工學士組合課程 (產品工程兼市場學 / 工業及系統工程學)
Programme Short Name	PROD & INDUSTRIAL ENGG
Short Description	Product and industrial engineering (PIE) has been driving industries and service sectors to perform smarter, faster, and better. The PIE scheme aims to provide students with knowledge and skills in product and industrial engineering, including engineering economics, quality engineering, engineering science and mathematics, engineering communication and information technology, so as to enable them to have a solid foundation and flexibility to pursue a bachelor's degree, either in product engineering with marketing or industrial and systems engineering, after the first and a half year of study.

Remarks

- Students admitted to the scheme study the common curriculum for the first 1.5 years. They must select any one of the two honours degree awards no later than the end of the first semester of Year 2.
- All information is subject to change without prior notice.
- Students will be awarded one of the following awards upon successful completion of the graduation requirements of the programme concerned:
 - BEng (Hons) in Product Engineering with Marketing
 - BEng (Hons) in Industrial and Systems Engineering
- Students are allowed to enrol on any awards without being subject to further assessment.
- The option of Secondary Major in Innovation and Entrepreneurship (IE) is available to the students of BEng (Hons) in Product Engineering (a variant of BEng (Hons) in Product Engineering with Marketing). Admission to Secondary Major is on competitive basis and subject to a different credit requirement for graduation.

Entry Scholarship

- To recognise the outstanding academic performance of HKDSE students, the department will grant entry scholarship to eligible HKDSE students admitted to the scheme via JUPAS. The award criteria for the scholarship are shown on <https://www.polyu.edu.hk/ise/scholarships>. They are subject to change and will be announced on department website in due course.

Programme Website

<https://www.polyu.edu.hk/study/ug/jupas/2024/js3557>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-

JUPAS Catalogue No.	JS3569
Programme Full Name	BA (Hons) Scheme in Design (Advertising Design / Environmental Design / Information Design / Interaction Design / Interior Design / Media Design / Product Design / Service Design / Social Design) 設計學(榮譽)文學士組合課程 (廣告設計/環境設計/信息設計/交互設計/室內設計/媒體設計/產品設計/服務創新設計/社會創新設計)
Programme Short Name	DESIGN
Short Description	The BA (Hons) in Design in the School of Design is Hong Kong's premier four-year undergraduate design scheme. The scheme educates innovative forward-thinking designers who are able to give shape and invent desirable futures relevant for a rapidly changing society. The scheme offers an extensive range of different Design Specialisms that cater for tomorrow's designers: Advertising Design, Environmental Design, Information Design, Interaction Design, Interior Design, Media Design, Product Design, Service Design, and Social Design.

Remarks

- Students will be awarded one of the following awards upon successful completion of the graduation requirements of the programme concerned:
 - BA (Hons) in Design (Advertising Design)
 - BA (Hons) in Design (Environmental Design)
 - BA (Hons) in Design (Information Design)
 - BA (Hons) in Design (Interaction Design)
 - BA (Hons) in Design (Interior Design)
 - BA (Hons) in Design (Media Design)
 - BA (Hons) in Design (Product Design)
 - BA (Hons) in Design (Service Design)
 - BA (Hons) in Design (Social Design)
- Students are subject to further assessment criteria i.e. students' own choice, students' portfolio evaluation, interview performance, GPA and individual subject results in selection of awards at the end of their Year One study.
- The option of Secondary Major in Innovation and Entrepreneurship (IE) is available to the students within BA (Hons) Scheme in Design.
- The option of Secondary Major in AI and Data Analytics (AIDA) is available to the students who will enrol in BA (Hons) in Design (Product Design) or BA (Hons) in Design (Interaction Design).
- Admission to the Secondary Major is on competitive basis and subject to a different credit requirement for graduation.

Programme Full Name	BSc (Hons) Scheme in Logistics and Enterprise Engineering (Logistics Engineering with Management / Enterprise Engineering with Management) 物流及企業工程(榮譽)理學士組合課程 (物流工程兼管理學 / 企業工程兼管理學)
Programme Short Name	LOG & ENTERPRISE ENGG
Short Description	To meet the needs of Hong Kong Society in enhancing its competitiveness in managing modern logistics operations, technological and IT related enterprises in a global environment, this scheme has been developed to prepare a new generation of logistics engineers and business analyst. This scheme provides comprehensive training of logistics and enterprise activities in the areas of business processes, information flows, organizational structure, logistics systems, supply chain and operations management. It also equips graduates with the essential management and business skills that are critical for the effective design, planning and efficient operation of enterprises under today's modern logistics and business environment.

Remarks

- Students admitted to the scheme study the common curriculum for the first two years. They must select any one of the two honours degree awards no later than the end of the second semester of Year 2.
- Students will be awarded one of the following awards upon successful completion of the graduation requirements of the programme concerned:
 - BSc (Hons) in Logistics Engineering with Management
 - BSc (Hons) in Enterprise Engineering with Management
- Students are allowed to enrol on any awards without being subject to further assessment.
- The option of Secondary Major in Artificial Intelligence and Data Analytics (AIDA) is available to the students of BSc (Hons) in Logistics Engineering (a variant of BSc (Hons) in Logistics Engineering with Management). Admission to Secondary Major is on competitive basis and subject to a different credit requirement for graduation.

Entry Scholarship

- To recognise the outstanding academic performance of HKDSE students, the department will grant entry scholarship to eligible HKDSE students admitted to the scheme via JUPAS. The award criteria for the scholarship are shown on <https://www.polyu.edu.hk/ise/scholarships>. They are subject to change and will be announced on department website in due course.

GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- English Language
- Mathematics

Relevant Applied Learning subjects that can be considered for meeting the University entrance requirement and admission score calculation are:

- Accounting in Practice
- AI in Business
- Applied Psychology
- Aviation Studies
- Data Application for Business / Business Data Analysis
- Digital Brand Communication
- Entrepreneurship for SME
- Environmental Engineering
- Food and Beverage Operations
- Fundamental Health Care

- Hotel Operations
- Internet of Everything Application
- Law Enforcement in Hong Kong
- Marketing and Online Promotion
- Marketing in Global Trade
- Mobile and Online Apps Development
- New Media Communication Strategies
- Practical Psychology
- Purchasing and Merchandising

Please click [here](#) for the subject weightings.

Programme Full Name	BSc (Hons) Scheme in Medical Laboratory Science and Radiography - BSc (Hons) in Radiography 醫療化驗科學及放射學(榮譽)理學士組合課程 - 放射學(榮譽)理學士
Programme Short Name	RADIOGRAPHY
Short Description	<p>Our professional programme delivers an advanced and pertinent education in the broad discipline of radiography, including medical imaging and radiation therapy. The curriculum, designed with an interdisciplinary perspective, encourages students to master vital competencies in clinical reasoning, professional ethics, and practical skills.</p> <p>We nurture our graduates to become conscientious healthcare professionals, imbuing them with a profound sense of empathy and responsibility. Our pedagogical approach is primarily centered around the students, fostering their autonomy in learning and in their pursuit of a fulfilling career as a radiographer or radiation therapist.</p> <p>We strongly believe in cultivating the capacity for lifelong learning within our students. This essential quality assures their continuous professional growth and enables them to stay relevant amidst the rapid advancements in this vibrant field.</p>
Remarks	<p>Students will be awarded the following upon successful completion of the graduation requirements:</p> <ul style="list-style-type: none"> • BSc (Hons) in Radiography

Programme Website

<https://www.polyu.edu.hk/study/ug/jupas/2024/js3612>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance

requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - o with one HKDSE subject result falling one level below the required

- level but attained with a threshold flexible admission score*; and
- o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS

11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Chinese Language
- English Language
- Mathematics
- Biology
- Chemistry
- Physics
- Combined Science: Biology + Chemistry
- Combined Science: Biology + Physics
- Combined Science: Physics + Chemistry

Normal colour vision is not one of the admission criteria, but applicants should note that normal colour vision may be required for employment in the radiation therapy sector. Proficiency in Cantonese is also not an admission criterion; however, during clinical training, students in the radiation therapy stream often need to communicate with patients in Cantonese.

Please click [here](#) for the subject weightings.

JUPAS Catalogue No.	JS3636
Programme Full Name	BSc (Hons) Scheme in Rehabilitation Sciences - BSc (Hons) in Physiotherapy 康復治療科學(榮譽)理學士組合課程 - 物理治療學(榮譽)理學士
Programme Short Name	PHYSIOTHERAPY
Short Description	This programme aims to produce qualified professionals who provide physiotherapy services to promote the health of clients and meet the healthcare needs of society. Graduates possess the knowledge, skills and professional attitudes required for the reliable, ethical and effective practice of physiotherapy. As lifelong learners and active consumers of the professional and scientific literature, graduates are able to develop the profession through continuing education and/or participating in investigative and evaluative projects. Their sense of social and professional responsibility is further reflected in their efforts to educate clients, the public and the next generation of therapists.
Remarks	Students will be awarded the following degree upon completion of the graduation requirements:

- BSc (Hons) in Physiotherapy

Programme Website

<https://www.polyu.edu.hk/study/ug/jupas/2024/js3636>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning

- (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
 3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
 4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - o with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as

applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Chinese Language
- English Language
- Biology
- Physics
- Combined Science: Biology + Physics

Preference is given to applicants who are able to communicate effectively in Chinese (i.e. spoken Cantonese) and English.

Applicants with good results in science subjects (Biology and/or Physics) are preferred.

Applicants should be fit within the normal range in fulfilling the physical requirements of physiotherapy practice.

First Year Tuition Fee

JUPAS Catalogue No.	JS3648
Programme Full Name	BSc (Hons) Scheme in Nursing - BSc (Hons) in Nursing 護理學(榮譽)理學士組合課程 - 護理學(榮譽)理學士
Programme Short Name	NURSING
Short Description	Our mission is to educate young people to pursue professional careers in nursing, one of the world's most caring professions. This innovative academic programme develops students' competency in delivering quality care, carrying out relevant research and making significant contributions to the health of the community. Students master the skills of clinical reasoning, communication and the use of technology. They also learn how to work efficiently alone, or with other healthcare professionals, to provide quality healthcare.
Remarks	Students will be awarded the following award upon successful completion of the graduation requirements: <ul style="list-style-type: none"> • BSc (Hons) in Nursing

Programme Website

<https://www.polyu.edu.hk/study/ug/jupas/2024/js3648>

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2
Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at

Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.

2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - o with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - o have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and

Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

For admission to the BSc (Hons) in Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please refer to www.hkeaa.edu.hk/en/hkdse/assessment/subject_information/ for details of the HKDSE subject categories.

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- Chinese Language
- English Language
- Mathematics
- Biology
- Combined Science: Biology + Chemistry
- Combined Science: Biology + Physics

Preference will be given to those who are fluent in written English and Chinese, and in oral English and Cantonese.

For applicants with the same admission score, preference will be given to those who have studied the Applied Learning subject, Health Care Practice.

Students must pass a health check before clinical training.

Programme Full Name	BSc (Hons) Scheme in Computing and AI (Computer Science / Financial Technology and Artificial Intelligence / Enterprise Information Systems) 電子計算及人工智能(榮譽)理學士組合課程 (計算機科學 / 金融科技及人工智能 / 企業信息管理)
Programme Short Name	COMPUTING & AI
Short Description	The BSc (Hons) Scheme in Computing & AI comprises these awards.

- The BSc (Hons) in Computer Science aims to equip graduates with solid computing foundations in areas such as programming, computational thinking and data structure, and become highly competent in software development for virtually all sectors.
- The BSc (Hons) in Enterprise Information Systems aims to provide graduates with strong competence in investigating business systems, identifying improvement options and bridging the needs of business with the use of IT.
- The BSc (Hons) in Financial Technology and Artificial Intelligence aims to cultivate financial technologists who can develop intelligent software applications and innovative finance solutions.

Remarks

- Students will be awarded one of the following awards upon successful completion of the graduation requirements of the programme concerned:
 - BSc (Hons) in Computer Science [計算機科學(榮譽)理學士];
 - BSc (Hons) in Enterprise Information Systems [企業信息管理(榮譽)理學士]; and
 - BSc (Hons) in Financial Technology and Artificial Intelligence [金融科技及人工智能(榮譽)理學士].
- Students are allowed to enrol on any awards without being subject to further assessment.

JUPAS Catalogue No.	JS3910
Programme Full Name	BSc (Hons) Scheme in Food Safety and Technology 食品科技與食物安全(榮譽)理學士組合課程
Programme Short Name	FOOD SAFETY & TECH
Short Description	<p>Our programme equips students with the scientific and engineering skills needed to understand, characterise and manipulate food for various applications. The diverse and intricate training develops students into all-round competitive graduates who lead international programmes in professional knowledge, communication skills, intellectual curiosity and social responsibility. The programme emphasises analytical and critical thinking abilities, creativity, problem-solving skills, teamwork and global outlook.</p> <p>The programme has an industry-oriented curriculum design. Students will be challenged with an active learning environment with engaging classes by a group of caring and supportive staff, supplemented with a wealth of outside classroom activities such as industrial visits (local and international), competitive internships, industrial and career seminars, research opportunities and academic exchanges. Students will also receive hands-on training on current techniques through extensive practical sessions.</p> <p>Upon successful completion of the programme, students will be ready to take up careers in the food industry or enter postgraduate programmes. They will also be able to use the skills and knowledge that they gain from the programme for personal career development.</p>

Remarks

- Students will be awarded a BSc (Hons) in Food Safety and Technology upon successful completion of all graduation requirements.
- An additional option of *Secondary Major in Innovation and Entrepreneurship* is available. Admission to the Secondary Major is on a competitive basis and subject to a different credit requirement for graduation.

Entry Scholarship

- A departmental entry scholarship will be granted to students with high HKDSE achievements admitted via JUPAS. The award criteria for the scholarship are listed on the [Departmental webpage](#). Please contact the department for the most updated information.

Programme Website

General Entrance Requirements

Core Subjects	Minimum Level
CHINESE LANGUAGE	3
CITIZENSHIP AND SOCIAL DEVELOPMENT	Attained
ENGLISH LANGUAGE	3
MATHEMATICS COMPULSORY PART	2

Elective Subject(s)	Minimum Level
ANY 2 SUBJECTS	3
Or	
ANY 1 SUBJECT	3
MATHEMATICS EXTENDED MODULE 1 OR 2	3

Handling of "Citizenship and Social Development":

1. An attainment at "Attained" in "Citizenship and Social Development" is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. For HKDSE repeaters who took "Liberal Studies" in 2023/24 or before and have not taken "Citizenship and Social Development" in 2024/25 and thereafter, "Level 2" or above in "Liberal Studies" would be regarded as "Attained" in "Citizenship and Social Development" for fulfilling the general entrance requirement. However, "Liberal Studies" would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.

Flexibilities on admission selection are available as follows:

1. Individual schemes / programmes will accept one relevant Applied Learning (ApL) subject for meeting the entrance requirements. An attainment at Attained with Distinction (I) level or above / Attained with Distinction (obtained in 2017 or before) is required.
2. Other Language subjects (i.e. Category C) offered in the HKDSE Examination will be accepted as elective subjects. Grade E or above is required.
3. If students have taken both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
4. Students endorsed by schools for meeting [EDB's specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements:

Exam	Level	Min. Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL(C)	N/A	Attained
GCE	A-Level	E
GCE	AS-Level	E

5. No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.
6. There is no compulsory subject requirement for our schemes / programmes. Preferred subjects, if applicable, are listed in the 'Entrance Requirements & Subject Weightings' section of individual scheme / programme entries. Satisfactory performance in preferred subjects will have a positive influence on admission selection. However, applicants who have not taken the preferred subjects will still be considered for admission but they may need to

- take relevant underpinning subjects after admission to PolyU.
7. For admission to Scheme in Nursing, the BSc (Hons) in Nursing and BSc (Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A. Please click [here](#) for details of the HKDSE subject categories.
 8. The study places offered by PolyU through JUPAS are intended primarily for admission of local school leavers. Applicants who are studying a scheme / programme or have attained qualifications ***at the same or above level as*** the schemes / programmes for which they are applying will be considered on a case-by-case basis.
 9. Please note that local and non-local applicants are considered under different admission routes with different intake quotas. Non-local applicants seeking admission on the basis of HKDSE results should submit their applications directly to PolyU. Please click [here](#) for details on the admission requirements for non-local applicants.
 10. Applicants who fall short slightly on the general entrance requirements of our schemes / programmes but meet the following criteria may be specially considered for admission:-
 - with one HKDSE subject result falling one level below the required level but attained with a threshold flexible admission score*; and
 - have selected PolyU's degree programmes as their Band A choices, i.e. first 3 priorities, in JUPAS
 11. The flexibility for special consideration for admission is extended to sports talents under the Outstanding Sportsmen Recommendation Schemes (OSRS), applicants being nominated under Multi-faceted Excellence Scholarship (MES) / School Principal's Nominations (SPN), as well as applicants with outstanding achievements in Other Experiences and Achievements in Competitions / Activities (OEA). Conditional offers with more favorable conditions will be issued to the applicants concerned.

** The threshold flexible admission score for 2024/25 is under review.*

Calculation of scores for applicants with more than 1 sitting in HKDSE Examination

No penalty is applied to applicants with multiple attempts in HKDSE Examination. Similar subjects are considered once and the best grade will be taken into consideration during admission selection.

Programme Entrance Requirements

Same as General Entrance Requirements

There is no compulsory subject requirement. Preferred subjects with the highest weighting for admission score calculation include:

- English Language
- Mathematics
- Biology
- Chemistry
- Combined Science: Biology + Chemistry
- Combined Science: Biology + Physics
- Combined Science: Physics + Chemistry

Relevant Applied Learning subjects that can be considered for meeting the University entrance requirement and admission score calculation are:

- Exercise Science and Health Fitness
- Food Innovation and Science
- Foundation in Chinese Medicine
- Health Care Practice
- Hotel Operations

- Medical Laboratory Science
